If the diarrhea is mild we will try to feed Hill’s Science Diet W/D as needed to see improvement. If there is blood in the stool a sample will be sent to Dr. Fuller for analyst and medication at owner’s expense. Also, some injuries may include, but are not limited to: broken nails, puncture wounds, abrasions and cuts. These injuries are generally benign and can usually be managed by Kennel staff or at home. In some cases, veterinary care may be required. The Kennel, in its sole discretion, may engage the services of a veterinarian, though all attempts will be made to contact the Owner of the Pet first. However, in the event of an extreme emergency where the Owner of the Pet cannot be contacted, emergency vet care may be sought. Owner authorizes our veterinarian to treat Pet in whatever manner deemed necessary. Owner will be responsible for all veterinary charges upon release of the Pet.

The Owner further agrees to be solely responsible for any and all acts or behavior of said Pet while it is in the care of the Kennel.
